Pleasant Ridge Singing.

Last Sunday afternoon, the people of Pleasant Ridge community and other communities met for the purpose of singing God's praises. Prayer was offered by Mr. Williams. The class was called to order by the chairman, H. J. Batchelor, who sang several songs, after which the following leaders were listed: D. C. Nolin, Isaiah Parrish, H. B. Bowman, three songs each. Recess five minutes.

The class was again called to order by the chairman, who sang several songs, after which the following leaders: C. Y. Nolin and Ira Allen.

The class then voted for a representation in the Coffee County Singing Convention. Mr. H. J. Batchelor being chosen to represent us. Mr. Batchelor is a good and faithful singer and one we are always glad to have with us.

Saturday, September 27th, is the day for the Shield's Memorial Sing and we cordially invite all singers and lovers of singing to come with us and let's make it the best one we've had.

The class was dismissed with prayer by Mr. Williams. Let's all try to meet again the first Sunday in October. Please be on time, bring somebody with you and don't forget your book.

AGED FARMER BEATEN DIES FROM INJURIES.

Birmingham, Ala., Sept. 7.—W. L. Vest, aged farmer residing on the Caldwell Mill road several miles from Birmingham, died today at a Birmingham hospital from wounds received late yesterday when he was attacked and beaten, it was alleged, by W. W. and Clarence Clark, brothers, who are being held without bond in the county jail.

The attack, according to investigating officers, was the climax of long standing trouble between the Clark brothers and Vest.

In the middle ages physicians were accustomed to warn their patients against eating apples. It is said that Vest would be sure to take their advice.

Have you ever had the feeling that you were good for nothing in spite of all that God has done for you? There are lots of folks that toil and never have a compliment on their labors.

Frank Breckman wrote an essay on an onion: "I have a friend whom I am going to remember this year, with a present—an onion. I am going to wrap this strange present in lovely tissue paper and put it in a beautiful candy-box, and the pink ribbon on it and post it to my friend at once. Why send him an onion? Why the simple reason that though it is the most valuable of all vegetables, with the finest relishes and has added pungency to a thousand feasts, nobody has ever praised it. You have read some great poems in your life on daffodils and daisies, and even a discourse on a field mouse and a louse, but where have you read one on an onion? It has caused more writers than all the orations ever written, and yet nobody waxes eloquent over it in song or story. What bride ever carried a bouquet of onions fastened to her belt?"

This is true not because the onion is useless, but because it is so STRONG! And it is hard to grow sentimental over strong things. There are people we praise because we think they need it to keep them going, but others we do not because they are either strong or we expect strong things from them. So it is not wise to complain because people are not praising you, you are no account in this world."

We are glad to have the church certificates of Mrs. Esther F. Speer, Mrs. Dan Parker, Mrs. J. C. Gannon and Mr. Brace Maddox. Also the membership of Mr. Dewey Sawyer, Mr. Dan Parker, Mrs. Ben Corner, John Kersh and Billy Bryan.

We hope for great good to come from the present revival being conducted by the Baptist state evangelist Reese and his Singer Mr. Beall.

The stewards of the church took supper at the parsonage Monday night and there were "lay" members of the parsonage chautauque's harem that audited officially into the stewardship of the Methodist church, some of them having entered the ministry.

Conference is only two months off, and a great deal to be done between now and that time. Let us all become part of the helpers to bring the year to a successful close.

Unless something occurs now unforeseen the revival will start at Liberty on next first Sunday.

NUMBER 13.

COUNTY AGENT TELLS HOW CLUB BOYS HAVE MADE MONEY THIS YEAR; EVERY BOY IN COUNTY SHOULD JOIN A CLUB

These boys joined the pig club last spring and also planted a cotton patch and fertilized it according to recommendations for club members. They have made about a bale of cotton per acre and when they picked out a bale they brought it to town sold it and went straight to the First National Bank and called for their pig notes. After paying these two notes of \$15 and \$20 each, they still had money left and more cotton to pick. All this has happened in less than six months from the time they first heard of the Boys Club Work in Coffee County. What Carlton and Jno. Knox have done, every boy in the county can do by taking an interest and putting some work on their projects. Next year we want every boy who joins our clubs to have at least two acres in cotton and fertilizer it as follows: Home mix 400 pounds of acid phosphate, 50 pounds muriate of potash, and 50 lb of nitrate of soda, thoroughly and apply just before planting. Then after the cotton has been chopped and all grass killed apply with your hands or other 100 pounds of soda per acre. We are getting ready now for our club work next year and we would like for the boys desiring to join to send in your name as soon as possible, as we will have to visit each two acre project this fall.

We take occasion to thank the banks of the county who have so generously co-operated with us in the Boys Club Work this year. Practically every banker in the county has loaned boys money to enter the Club, taking simply his own signature to the notes, and we hope to show our banker friends that the boys mean business and appreciate the assistance of the bankers by producing something and making a record worth advertising.

BAPTISTS IN PRAYER AND FASTING ON SEPT. 24, AT NEW BROCKTON

Below is a program of a special day of fasting and prayer for the Baptists of this Association. It will be noted that the meeting will be at New Brockton and the hour of opening will be 10:30 A. M. and closing 2:30 P. M., and there will not be any break in the service during that time for it is to be a day of Fasting as well as prayer. The object is for the Baptists to come together and pray for the great work before the people of this Association and also for the work of Baptists all over the world. It is hoped that this will be a mountain top spiritual experience in the lives of all who attend and a mighty power for the advancement of the Kingdom of Jesus. Note that all Baptists and all Baptist organizations of the whole Association are to be present and have part. This is in keeping with what Southern Baptists will be doing all over the South—for this is a day set apart by Southern Baptists as a day of Prayer and Fasting.

It will be noticed that Mr. D. Green of Montgomery, Alabama Sec. of Missions of Alabama is on program. A letter received from him by the Executive Committee of the Association states that he will be present. Pres. Langham, of Newton, has also indicated his intention of being present. Between these strong men, there will be other strong addresses between the seasons of prayer. The Executive Committee of the Association urges all Baptists possible to attend this meeting.

MR. MATTERSON WICKER DIES WEDNESDAY.

Mr. Wicker, age 49, a good farmer of Crenshaw county near Brantley died last Wednesday after a long illness.

Mr. Wicker had been confined to his bed about two years. He was born in Coffee county but had been a citizen of New Brantley for many years.

Mr. Wicker is survived by his wife, Mrs. Maude Wicker, five children and five sisters and a host of other friends and relatives to mourn his loss.

Mr. Wicker's remains were carried to Bullock, where they were laid to rest.

Mr. Wicker was a member of the Missionary Baptist church at Mt. Ida. A good christian, a good father and a good citizen has gone to his reward. We offer our sincere sympathy to the bereaved family.

MR. JOHN MCGEE DIES IN SOUTH FLORIDA; BURIED AT HARTFORD

Hartford News Herald says: Mr. John McGee, age about 65, died somewhere in South Florida, probably Orlando, Monday night. The body reached Bonifay at five o'clock Wednesday morning and was taken to the home of his son, Claud McGee, there, and in the afternoon, accompanied by a number of friends and relatives, was brought to Hartford and laid to rest in the city cemetery beside his wife who preceded him a few years ago. Mr. McGee formerly lived at Slocomb and some of his sons lived in Hartford and he was well known here.

He leaves several children, most of whom were here to attend the funeral. They are Sid McGee, Val McGee, Atlanta, Ga., Claude McGee, Bonifay, Fla., Herschel McGee, who was with his father in South Florida, Leila Mae McGee, Montgomery, Ethel McGee and a younger brother whose name was not learned, off at school.

ELBA'S TOWN ELECTION PASSES QUIETLY ONLY 46 VOTES CAST

Elba's municipal election on Monday passed off very quietly, in fact most everybody forgot that there was an election being held. Only forty-six votes were polled. After the primary is held, little or no interest develops in the town election, and it is merely a form which must be gone through with. Following are the officers who will guide the destinies of the town for the next two years:

Mayor—E. F. Blocker.

Councilman from town at large—W. T. Whitman.

Councilman, Ward No. 1—L. P. Mullins.

Councilman, Ward No. 2—J. W. English.

Councilman, Ward No. 3—C. P. Hayes.

Councilman, Ward No. 4—J. H. Armour.

"DEFENSE TEST DAY" FITTINGLY OBSERVED BY PEOPLE OF ELBA

Elba's observance of "Defense Test Day" on last Friday was a great success from every standpoint. As had been previously announced a very appropriate program had been arranged for the day, and this was carried out in the very best of order.

At about 10:30 members of the 16th Ammunition Train assembled at the Armory and prepared for the parade, which was supplemented by a long line of patriotic citizens, and pupils of the Elba Hi School. After marching around the square, the parade halted on the court house lawn where a platform had been built for the speaking.

Among the speakers of the day were W. M. Brunson, of Elba, Captain W. E. Ard, of Dothan, Major Carmichael, of Geneva, and Hon. R. S. Ward, of Hartford, who had been secured to deliver the principal address for the occasion. Another feature of the celebration which was enjoyed by those in attendance was a band concert by members of the Elba band and the band at Opp.

After the public exercises on the square, the crowd assembled at Riverside Park, where a barbecue dinner was served. Officers of the 16th Ammunition Train and the members of the Citizens' Committee are highly elated over the successful observance of the day. Several hundred citizens volunteered for service for the day, and the war time strength of the local military was more than secured from those volunteering for the day.

Elba was one of a very few towns in the state that put on a celebration of a general nature. It was made possible here by the hearty co-operation of the business men, who closed their places of business during the public exercises, and who assisted in every way to make the celebration a success.

MOTOR VEHICLE FATALITIES SHOW INCREASE OF 39 PERCENT IN 1923

A dispatch from Montgomery states that the Mobile and Ohio Railroad has been keeping tabs on motor vehicle accidents in Alabama that have terminated fatally, and announces that the year 1923 shows 157 such fatalities, as against 113 in 1922. So the increase is 39 per cent. It is a pity data have not been available of the number of persons injured in these motor wrecks. The record would probably show several hundred at least.

However, the astonishing thing in the figures is the comparatively small number of those who lost their lives in motor vehicle and train collisions at highway crossings. The report states that 24 of the fatalities of 1923 were the result of highway crossing accidents, while the previous year showed 14 such affairs in which death resulted. Somehow or other the public has become obsessed with the notion that perhaps the majority of fatal accidents to motorists have occurred at highway crossings. It is very interesting to learn the facts of the case.

As to cause for the increase in accidents last year the compiler does not say. Certainly one of the reasons is the increase in motor vehicle ownership. To some extent also, perhaps, is the increase in good roads, inducing higher speed on the part of the motorist, and they have perhaps inadvertently come upon the railroad tracks, or else "took a chance" that their speed would carry them across. Probably also among the reasons is that of new owners of second or third hand cars, traded off or got rid of in order that owners might purchase new cars, and persons not high in intelligence and caution have become owners and operators of these old cars, many of them, which being bought at nominal figures.

LAD KILLS UNCLE

FIGHTING FOR GUN

Jasper, Ala., Sept. 14.—

George McLendon was shot and instantly killed near Sinsay Friday night in a struggle with his 14-year-old nephew, Grover McLendon, when a shot gun in the latter's hands was discharged. The load entered the man's head, almost blowing it off.

From the best information obtainable here it appears that George McLendon was operating a still near Sinsay and McLendon, to watch it in his absence, Martin refused and a quarrel ensued, followed by threats. Martin's son, Grover, ran to his home to get a gun. George met the boy after he had gotten the gun and attempted to take it from him. In the struggle that followed George was shot.

No arrests have been made. The matter is being investigated by officers.

NEW 1925 MODEL STUDEBAKER CARS

ARE REAL SENSATION TO MOTORISTS

South Bend, Ind., Sept. 13.—

A sensational development in motor car design, it is now definitely known, is announced by Studebaker this morning.

The car, which is entirely unlike anything ever offered before, is said to be a solution to the open-closed car problem which motorists have known since the "horseless carriage" first came into being.

The name of this revolutionary car, it is known, will be the duplex phaeton, and there will also be duplex roadsters, combining the outstanding advantages of present type open cars with the snug comfort and all-weather protection of the closed car.

Besides this new type car, Studebaker announces a new six, and 15 all new body styles.

It is the first far-reaching announcement to be made by this famous manufacturer of fine cars since 1918.

Studebaker, ever noteworthy for its innovations in motor car building, offered several revolutionary changes in automobiles in 1912. Then in 1918 after a series of great improvements in its models, Studebaker gave to the world another entirely new model.

Now, in 1924, comes the third great cycle in Studebaker progress, which has maintained an important influence on the automobile industry as a whole, and on the benefit in which the public has shared.

While whispers in motor circles for several months have connected the Studebaker corporation with some unusual activity in the way of new types of cars, the statement today is the first intimation by the corporation, and comes as a surprise to the general public.

However, it was admitted by Studebaker officials that the amazing new type of car, which is already in the process of quantity production at the huge plants here and in Detroit, will be called the "Studebaker duplex phaeton."

Those who have seen the model say it is the most advanced achievement in motordom, and feel confident that it will surpass the present touring car. Nothing like it has ever been seen on the streets of America before.

Instant Closed-Car Comfort

Imagine riding in an open car that, at the second touch of a button, becomes a snug, dry, luxurious closed automobile. Women motorists it is believed will be first to sing the praises of this new accomplishment in motor car designing and construction.

For rumor has it that the new "Studebaker duplex phaeton" combines the advantages of the open and the closed in motor cars. Quantity production—plus remarkably efficient engineering and the remarkable Studebaker facilities in modern plants and equipment—will keep the cost low, the price being that customary for open cars.

Besides, it is reported that the new Studebaker stands six will be another instant success. It is a powerful vehicle—bigger and more roomy, with many charming new features.

Besides the Studebaker six, there will be introduced handsomely new models of the special six and the big six.

"For two years the great Studebaker creative staff of designers, engineers and production executives have worked intensively toward this achievement," said a Studebaker official today. "The fifteen new Studebaker cars to be announced today will make history in the automobile industry, we sincerely believe."

In design, materials, workmanship, beauty, mechanical efficiency, and durability they set new standards of quality and value. Moderate prices on the new models are made possible by \$22,000,000 invested in plants and equipment, 70 per cent of which is new since the war. Hence the savings of the

war.

new trend in motor cars is made possible."

Fifteen New Bodies.

Fifteen bodies have been designed by Studebaker. All will be built complete in the modern new \$10,000,000 body plants here in South Bend. Significant of the new trend in motor cars is the fact that the new cars weigh from 100 to 200 pounds more than previous models, are longer and lower.

The election of Mr. Davis would give the Presbyterians the same number of Presidents as the Episcopalian church which made its big record in the presidency when that church was still strong in the early days of the Republic.

In his affiliations with the Masons Mr. Davis has likewise many Presidential precedents. The list includes Washington, Polk, Buchanan, Garfield, McKinley, Roosevelt, Taft and Harding. 15 New Studebakers

Including an entirely new type of car—the DUPLEX-PHAETON

Today Studebaker has made Automobile History and established standards of value and quality more fully and obviously than ever before

TODAY Studebaker proves that beautiful, distinctive, stylish body lines can be originated by American body designers without following precedent or imitating or adapting what has been done before.

Today Studebaker proves that a practical and beautiful type of car can be made to combine the pleasure and performance of the open car and the comfort and protection of the closed car—and this without excessive price or compromised quality—a car "duplex" in open-car smartness and convenience and closed-car elegance and comfort—and at a price no higher than that of an open car!

Today Studebaker proves, in its new Standard Six Duplex model, that a six-cylinder car of fine quality, great power, plenty of room and impressive appearance can be made and marketed at a price of \$1445.

Today Studebaker proves in its new Special Six and its Big Six Duplex models that the ultimate in all the essential features of quality in five- and seven-passenger cars can be made and marketed at a price of \$1495 and \$1875 respectively.

And this is possible only because Studebaker cars are made in one of the most comprehensive industrial plants in this country, 70 per cent of which is new within the last six years.

Every modern method of manufacture and long experienced management are available for the production of Studebaker automobiles.

Today Studebaker proves that the highest grade closed car bodies—stamped in selected hard woods, cushioned with the best quality work, upholstered in fine mohair fabrics and fitted with expensive appointments—can be made and marketed on superlatively good chassis at moderate prices.

This is made possible by the new \$10,000,000 Studebaker closed body plants. Studebaker designs and builds all of its closed bodies in one of the best equipped and most modern body plants in the industry.

The Three New Chassis

THE STUDEBAKER STANDARD SIX—113 in. wheelbase, 5-passenger. Engine 3446 cc., 30 b.h.p.—with 6 different bodies, including Duplex-Phaeton, Duplex-Roadster, Coupe-Roadster, Coupe, Sedan and Berlinette.

THE STUDEBAKER SPECIAL SIX—120 in. wheelbase, 5-passenger. Engine 3446 cc., 30 b.h.p.—with 5 different bodies, including Duplex-Phaeton, Duplex-Roadster, Victoria, Sedan, and Berlinette.

THE STUDEBAKER BIG SIX—127 in. wheelbase, 7-passenger. Engine 3446 cc., 30 b.h.p.—with 4 different bodies, including Duplex-Phaeton, Coupe, Sedan, and Berlinette.

The Ten New Closed Bodies

COMPLETELY NEW BODIES—each one a masterpiece of modern style, yet distinctly original in beautiful lines—individual, conservative, and yet completely new in its design—imparting elegance, but crisp, correct in its departure from imitation to be entirely distinctive.

The Five New Duplex Bodies

(A new type of car originated by Studebaker to take the place of the open car)

SO ENTIRELY NEW and an efficient form any other body ever made has not a new name had to be created—the DUPLEX.

The upper structure is shaped in pressed steel and covered with the finest waterproof fabric. The steel construction permits the use of another material for the body panels, the new roll-over-protecting structure, the new roll-over-protecting structure, the new roll-over-protecting structure.

Then Studebaker engineers have solved the open-car problem.

The buyer who wants the simplest and practical convenience of the open car and who also wants the comfort, protection and beauty of the closed car can now get both in one car and at the price of an open car.

One moment the new Studebaker Duplex is a beautiful open car—a touch of a button and the overhanging roof folds down and it is a snug weather-tight closed car.

Balloon Tires

Genious and full size balloon tires on all models. Every car that functions with the tires has a specially designed for better the suspension, steering gear, springing, shock absorbers and springs, even the fenders.

Look Forward Into Next Year

The new Studebaker is here today! And no matter how sweeping your idea of what a new model should be this car will satisfy you. It will thrill you with the very newness and originality of its beautiful lines!

You may not be in the market now, or even this year. But to see the new Studebaker is to look forward into next year—and the year after! SEE IT TODAY!

LEOPOLD AND LOEB GET LIFE SENTENCES FOR FRANKS MURDER

Chicago, Sept. 10.—Life imprisonment was the punishment fixed today by Judge John R. Caverly upon Nathan Leopold, Jr., and Richard Loeb, confessed kidnapers and murderers of 14-year-old Robert Franks.

This was a complete victory for the defense.

Judge Caverly said such an action as death sentence was contrary to all the tendency of criminal law.

Youth was the controlling factor in Judge Caverly's decision. He said no minor, had ever been sentenced to death in Illinois on a plea of guilty.

Not a muscle moved in Leopold's face as Judge Caverly dictated life imprisonment. He blinked his eyelids, gulped almost unnoticeably and slightly contracted his lips. Not a portion of his body moved.

"That finishes my connection with the case," said Clarence S. Darrow, veteran chief counsel for the defendants, whose plea on behalf of youth overcame the state's insistence on the death penalty.

The court passed separate sentences on the murder and kidnapping charges naming life imprisonment as the punishment for the murder and imprisonment for 99 years on the kidnapping indictment.

Leopold and Loeb were quickly on their feet when court had been adjourned. Leopold by his own momentum and the thrust of his ball, was through the crowd enroute back to his cell before Loeb had started. Loeb took a few seconds to grip Darrow's arm and pressed his lips in an evident control of emotion.

Leopold and Loeb were extremely sober as they were led through the states attorneys' office after receiving their sentence and onto the "bridge of sighs" to be again incarcerated in the jail where they will remain until sent to Joliet penitentiary to spend the remainder of their lives.

BIRTHDAY CELEBRATION.

Yesterday, Sunday, the many friends of Mr. Jeff D. Adkison met with his children and relatives for the purpose of celebrating his sixty-fifth anniversary and all enjoyed the day to the fullest extent. His children ordered and served hundreds of pounds of fresh fish and then cooked them, and other goodies too numerous to be mentioned. In fact everything to make friends enjoy themselves.

Mr. Adkison is an old pioneer of our county and has been blessed with good health and you will always meet him with a smile on his face, and he has a reputation which has never been questioned and his many friends feel proud of him.

His children are as follows: Gordon Adkison, Jeff, Charlie, Ammon, Mrs. Della Herring, Mrs. Maneriva Warr, and Miss Callie Adkison. And his brother, Daniel Adkison, and sister, Mrs. Jim Sawyer, and three children. There were thirty-five grand children there, and some of his children that could not attend on account of sickness.

Mr. Editor I cannot ask for space to name the friends that attended, for they are too numerous to be mentioned. But I think that I can speak for them that it was a real happy occasion and it was hoping that he will live to see many more celebrations and the rest of his life will be blessed with health and prosperity.

IMPEACHMENT SUIT ORDERED AGAINST SHERIFF OF MOBILE

Montgomery, Ala., Sept. 11.—Governor W. W. Brandon today directed Attorney General Harwell G. Davis to institute impeachment proceedings against Sheriff Paul Cazalas of Mobile county. This action was taken upon the recommendation of the attorney general.

The following statement was issued by Governor Brandon: "Acting upon the recommendation of the attorney general, who informs me that he believes he has sufficient evidence to support impeachment proceedings against Sheriff Paul Cazalas, sheriff of Mobile county, I have directed him to institute proceedings."

Both the governor and the attorney general declined to make any statement as to the nature of the evidence obtained against Sheriff Cazalas, or as to any other details of the case.

Sheriff Cazalas was indicted by the federal grand jury during the recent investigation of Mobile's "run ring," but was acquitted. It has been known that for some time state examiners have been conducting an examination of the office of the Mobile Sheriff. Governor Brandon stated today, however, that he has not received a report from the examination.

No indication was given as to how soon the impeachment proceedings will be filed by the attorney general with the supreme court.

Ask your dealer Why he sells so many more Remington Game Loads

REMINGTON Game Loads are increasing in popularity faster than any other shells in America. Have you tried them?

Hundreds of thousands of sportsmen all over this country are discarding the old style specified loads, and are now shooting Remington Game Loads.

With all due respect to any specified load you are now shooting—give Remington Game Loads a try-out on your next shooting trip.

Go into the store. Tell the dealer what kind of game you are going after—and get the Remington Game Loads specifically made for that kind of game.

They will give you a shooting quality you have never known before. They are scientifically loaded to a uniform standard of velocity, pattern and penetration, all with moderate recoil.

This idea of specific loads for specific game is original with Remington.

All our experience and ballistic knowledge told us how absurd it was to have 3200 different shotgun loads—when there are only a few kinds of game hunted with shotguns.

So we brought out Remington Game Loads—the right load—the best load—for each kind of game.

Remington Game Loads are loaded with the highest quality American-made smokeless powders in Remington Nitro Club Waterproof Shells.

Thousands of seasoned sportsmen will tell you that they are right.

Isn't it about time for a New Shotgun?

While you are at your dealer's, look at the New Improved Model 10 Remington Pump Gun. Handle it. Work the action. Note its smoothness of operation, its remarkable pointing qualities and fast hammer action.

TWO MEN WOUNDED IN FIGHT OVER A DOG

Troy Messenger says:

J. C. Cartwright is not expected to recover from a fractured skull and serious bodily injuries and Crege Mills is seriously wounded by several knife stabs as a result of a Pike county feud over a bulldog.

Some time ago a negro living on Cartwright's place near the Crenshaw colony line was bitten by a bulldog belonging to the Mills brothers. After a refusal of the brothers to kill the dog when demanded by Cartwright, a quarrel ensued which later affected members of both families.

In the fore part of this week the Mills boys waited for Cartwright on the side of a road which he was to pass with mules that day. Upon his appearance the two boys jumped out and began an attack with the butts of shotguns until the victim lay on the ground seemingly dead. The boys escaped, and later removed to a Montgomery hospital. His recovery is doubtful.

After learning of the attack on his brother, Q. V. Cartwright trailed one of the brothers, Crege Mills, into Crenshaw county where he left him with several deep and probably fatal wounds inflicted by a knife.

Clifford Mills was later arrested by Pike county officials and lodged in jail. He has not made bond.

His trial will come up at the next term of court in October.

It is said that the murderer was once to the nearby Tombigbee River swamps. T. B. Bailey, chief of police, was immediately notified and a posse of 100 men were hastily organized and hurried to the swamps.

FIVE YEAR OLD BOY HACKS SISTER WITH AXE AT HER REQUEST

Lafayette, La., Sept. 13.—Miss Anastasia Boudreaux, age 18, is lying at the point of death in a sanitarium here with dire wounds in her neck inflicted with an axe. According to her own story and verified by her little brother, age 5, the latter hacked his sister to death.

The two had been left at home alone. The girl said that she was tired of living and sought this means to end her life. She placed the axe in the hands of her little brother, and then placed her own head on the chop block and directed at what point the blow was to be struck.

It was said that the girl was not recovered and she again directed the blow to be struck at the point of the neck. The girl is the daughter of Mr. and Mrs. Boudreaux, wealthy planters. The right arm was severed and the tip of the mastoid cut, the gash inflicted being two inches deep. The other two cuts are on the back of her neck.

50,000 CITIZENS OF ALABAMA HEED CALL TO COLORS.

Montgomery, Ala., Sept. 13.—Alabama went to the colors 50,000 strong in the Defense Test Day Friday, according to returns made Saturday to the office of the adjutant general.

Forty cities held celebrations in evidence of patriotism or otherwise answered the call made by the small army that was Alabama's contribution to the nationwide celebration.

At the State capital, work stopped in the afternoon to watch a long parade to the state house where Governor Brandon made an appeal for adequate defense.

A PROCLAMATION BY THE GOVERNOR

WHEREAS, The Legislature of Alabama, at a session held in 1923, has ordered an election by the qualified electors of the State of Alabama upon a certain proposed amendment to the Constitution of Alabama, which is herein set forth to be held at the general election in November, 1924;

AND WHEREAS, Notice of such election, together with the proposed amendment is required by law to be given by proclamation of the Governor;

SAFEGUARDING CONTINUOUS
TWENTY-FOUR HOUR
POWER SERVICE
in

ALABAMA

Never in the history of Alabama Power Com-
pany operations in Alabama has power been
interrupted to industry or the service of the
people.

Adequate—continuous—uninterrupted 24-hour
service has been consistently maintained by
Alabama Power Company to all of its customers
and at all times.

This remarkable record has been achieved in
Alabama through maintenance of—

EIGHT
RESERVE STEAM PLANTS
WITH A COMBINED CAPACITY OF 128,200
HORSEPOWER

Strategically located to supply deficiencies in
water power which sometimes arise as a result
of drought such as we are now having in consequence
of reduced stream flow. The present
dry period is almost unprecedented.

These plants located at Gorgas, Gadsden,
Montgomery, Selma, Huntsville, Tuscaloosa,
Decatur and Marion were built at a cost of
many millions of dollars to safeguard continuous
power service for Alabama.

In emergencies, Alabama Power Company may
also use the power stations of certain customers.
These available stations will produce 23,700
additional horsepower.

The company also leases from the United States
government the Sheffield Steam Plant with a capacity
of 80,000 horsepower, giving Alabama

A STEAM POWER RESERVE OF
231,900 HORSEPOWER

Which is probably the greatest steam reserve
maintained by any American Power Company
in proportion to its hydro-electric generating
capacity.

Mr. and Mrs. George Beck,
of Troy, visited in this commu-
nity Sunday.

Preaching was well attended
Saturday, Sunday night and
Sunday, considering the weather.
Large attendance at Sun-
day school. We noticed the
tendance hasn't come below 80
in a good while. Let's try to
make it 100.

Rev. C. W. Walton and family
dined at Mr. Henry Dismuke's
Saturday. We are always
glad to have our pastor and
family with us.

Those who dined with Mr.
and Mrs. R. A. Chapman Sun-
day were: Misses Willie Mae
and Cor Rogers, Gesta and
Ethel Clower, Bessie Helms.
Mr. Devane, of Elba, visited
his sister, Mrs. Nath Stinson
Sunday.

Among those attending the
Brundidge High School from
here are: Louie Helms, Comer
Fuller, Elva Tillman, Bertha
Johnson, Bessie Helms. We
wish them success.

The singers met Sunday af-
ternoon to sing in the Sacred
Harp. House called to order
by chairman. A lesson of 3
leaders, 3 songs each: Colton
Dismuke, Carlus Helms, Louie
Helms. Recess.

Next lesson consisted of 3
leaders, 3 songs each: L. J.
Wood, Rev. Walton, George
Beck. Recess 10 minutes.
House called to order by the
chairman. A lesson of 3
leaders, 3 songs each: Dr. Kil-
lingsworth, W. H. Dismuke,
Andrew Johnson. A business
session was held. Someone
suggested that Chestnut Grove
call for the "Counties Line"
Convention to convene with us
next year. Everyone seemed
anxious for it, so we hope to
get it. Robt. Helms, Dr. Kil-
lingsworth and others sang
songs and dismissed with
prayer, until 2nd Sunday in
October.

September 27th, the fourth
Saturday, is the day set apart
for a "Community Get-To-
gether Day" here. Everybody
has a special invitation. The
cemetery, Church, School,
Lodge, and yard will be
cleaned up, and wood sawing
for the school, infact a general
"clean-up" day. So those who
are interested church members
and school patrons, W. O. W.'s
and Masons, come early, the
fourth Saturday morning with
sufficient tools to do the work.
Also bring a lunch for it will
take most of the day to do the
work.

MULES BREAK BACKS BY FALL INTO DITCH

Troy, Ala., Sept. 12.—Two
mules driven by Ira Stewart, a
farmer living near Troy, stum-
bled and fell into a ditch on
Brundidge Street and broke
their backs.

The paving company that
dug the trench placed beams
at either side, but they turned
out before the accident, which
occurred at 3 o'clock in the
morning. Mr. Couch, who has
charge of the paving contract,
told Mr. Stewart to go to any
stable and select any mules he
desired and the construction
company will pay for them.

One of the hindrances to
christian influence is that so
many people would rather
argue about their religion than
live it. If you need to learn the
luxury of doing good, and to
know that talk without action
saps the will.

It is generally in the summer
that our religion is snowed un-
der; since it is autumn lets be-
gin to emerge from that lethargy,
and ask God to direct us,
remembering that the Lord
cannot direct a man till he
starts somewhere.

There will be services at 11
o'clock Sunday, and at night
at 8 o'clock. All are cordially
invited to attend.

The stewards will meet at
the parsonage to-night (Thurs-
day) and a full attendance is
requested as important busi-
ness is to be transacted.

Dr. Hurt, presiding elder of
this district, stayed over night
at the parsonage Sunday.
He was here holding the 4th
